**J**ason E. Fine (as heard on the radio and is known as "BIG AL" from 1-800-HURT-123) is proud to be a six-time consecutive nominee as Top Attorney in Philadelphia Life and Suburban Life in the area of personal injury and former top litigator of the year by the same publication.

Jason is the senior trial attorney and managing partner of the J. Fine Law Group, P.C. with over 22 years of experience representing victims suffering from motor vehicle, Uber/Lyft, slip/trip/falls, work, dog bite, construction accidents and bed sores and falls at nursing homes. Moreover, with crime rates rising all over PA and NJ, Jason and his team have now been handling and receiving large settlements on negligent security cases such as physical and sexual attacks, shootings and stabbings at apartment complexes, concerts, bars, stores, sporting events, restaurants, and public/private gatherings.

Jason has also been nominated as a Pennsylvania Super Lawyer in personal injury for over 11 straight years. These nominations are evidence of Jason's hard work and doing all he can for all his clients and their family. These awards also reflect that Jason and his team are not afraid and are winning against the largest corporations and insurance companies on a daily basis.

As a recent client who J. Fine Law settled her case in the six figures wrote "after being dropped from multiple firms, the first thing J Fine said was, "you have a great case, we're gonna get you paid". And so they took a chance on me. My experience with J Fine Law Firm just felt right. It was very professional & thorough the whole way. It felt like I was finally being seen. Every month (sometimes every week) I got a phone call, text message, or email about where I was in the case. They also kept up with how I was feeling/doing in pt which I appreciated a lot. I also felt comforted and at ease throughout the case. I'd refer anyone to this Law Firm because they're just that good! \*Thanks again J. Fine and Matt!!!"

All that is needed is to call 1-800-HURT-123 or go to [JFINELAW.com](http://JFINELAW.com) and let Jason and his team do their thing for you or your loved one.
